Dear FCC,

We need a free and open internet to preserve free speech in America. Internet access must not be allowed to become limited according to ability to pay, any more than the ability to post a first class letter such as this one be an option only for the well to do.

I am a retiree, but use the internet to communicate, as do students, local community, and others who are not rich. I urge you to preserve net neutrality, and abandon efforts to rollback net neutrality protections!

Yours,

Mr. Michael Wahl
